## frequently asked questions

### Can Dynamic Skin Sculptor be used and layered with other products?

Yes, Dynamic Skin Sculptor can be layered with other products; it also can be used as part of a comprehensive skin care regimen. Always apply after cleansing but before moisturizing and follow with a broad-spectrum SPF during the day.

### What kind of client is Dynamic Skin for?

Dynamic Skin is ideal for clients who are proactive about their skin health and looking to strengthen their skin's resilience against aging and environmental aggressors. They are often well-informed and seek products that support both barrier and overall skin health. Because Dynamic Skin products are multipurpose and easy to use, they can work for nearly any client.

### Do my clients need to use all Dynamic Skin products to see results?

Clients do not need to use all Dynamic Skin products to see results. Each product is formulated to deliver specific benefits and can be effective on its own. However, incorporating multiple products from the line can enhance overall skin resilience and age defense.
