

dermalogica microneedling expert

To start the **Dermalogica Microneedling Expert Pathway**, a shared foundation of Dermalogica knowledge is required.

Dermalogica Certified professionals can progress straight into the pathway.

Those who are not certified, or who haven't completed Dermalogica training in the past two years, will first need to complete **Discover Dermalogica for Professionals** to ensure confidence and alignment moving forward.

Discover Dermalogica for Professionals can be found on the Pro Learning Hub.

Microneedling courses are charged at £250/€290 redeemable against purchase of relevant Dermalogica PRO product.*

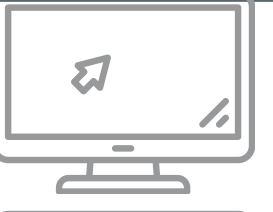

microneedling certified tier
